

E-Book Access Instructions for Customers with Key Codes

Overview

These instructions are for customers who have purchased an e-book key code from a bookstore.

The complete process for accessing an e-book purchased from a bookstore involves the following steps:

1. Find the e-book package at the bookstore. Buy it.
2. Go to the book's Web site. Create a Human Kinetics account (one time only).
3. Enter your key code to unlock the e-book download page.
4. Install Adobe Digital Editions (one time only). This is the program you use for reading your e-book. This step includes registering with the Adobe site.
5. Download your e-book.

The second time you purchase an e-book from Human Kinetics, the process is shorter because you do not need to create an account or install the e-book reader.

The full process is shown as follows, with screen shots from a sample purchase. You may want to print this document for easy reference.
