

2014-2015 Instructional Material UDL Questionnaire

Bid Number: 2754

ISBN Number: 9781450445108

Title of Materials: Fitness for Life iBooks Interactive Version

Publisher: Human Kinetics

1. How are both flexibility and student choices provided for the following **presentation features** in the instructional materials:
 - Fonts:
 - Type and size. **Cannot be changed.**
 - Colors and background colors can be adjusted. **Cannot be changed.**
 - Background: High contrast color settings are available. **Cannot be changed.**
 - Text-to-speech tools **Possible by turning on Apple's VoiceOver feature**
 - All images have alt tags. **Yes**
 - All videos are captioned. **The videos embedded in the iBook are not captioned, however the same video content is found in the free, open-access Student Web Resource and those videos will be captioned by spring 2015.**
 - Text, image tags, and captioning sent to refreshable Braille displays. **Not provided. NOTE: In keeping with state requirements, we provide electronic files to NIMAC to allow Accessible Media Producers to create versions of student materials in alternative formats for schools as needed.**

2. How are the following **navigation features** provided in the instructional materials:
 - Non-text navigation elements (buttons, icons, etc.) can be adjusted in size. **Not provided**
 - All navigation elements and menu items have keyboard shortcuts. **Only touch interface is provided**
 - All navigation information can be sent to refreshable Braille displays. **Not provided. NOTE: In keeping with state requirements, we provide electronic files to NIMAC to allow Accessible Media Producers to create versions of student materials in alternative formats for schools as needed.**

3. How are the following **study tools** provided in the instructional materials:
 - Highlighters are provided in the four standard colors (yellow, rose, green, blue). **Yes.**
 - Highlighted text can be automatically extracted into another document. **No.**
 - Note taking tools are available for students to write ideas online; as they are processing curriculum content. **The iBooks software allows for note taking.**

4. Which of the following **assistive technology supports, by product name**, have you tested for use with the instructional materials:
 - Assistive technology software can be run in the background. Examples include:
 1. Magnification **iBooks' pinch to zoom**
 2. Text-to-speech **Apple's VoiceOver on iPad**

3. Text-to-American Sign Language
 4. On-screen keyboards
 5. Switch scanning controls
 6. Speech-to-text
5. For students with special needs who require paper materials based upon the IEP, how are the materials provided for students currently not able to access digital materials?
- A print edition of the student textbook is also available, which contains all of the same content as all electronic versions of the student text.
 - Worksheets, chapter reviews, and other interactive features for use by students in the iBooks Interactive Version are also accessible on the Student Web Resource and can be printed out for use by students who need paper versions. The Student Web Resource is a free, open-access web site so there is no additional cost to access or print out this material.
