

2014-2015 Instructional Material UDL Questionnaire

Bid Number: 2754

ISBN Number: N/A

Title of Materials: Fitness for Life Student Web Resource

Publisher: Human Kinetics

1. How are both flexibility and student choices provided for the following **presentation features** in the instructional materials:

- Fonts:
 - Type and size. **Depends on user's web browser.**
 - Colors and background colors can be adjusted. **Depends on user's web browser.**
- Background: High contrast color settings are available. **Depends on user's web browser.**
- Text-to-speech tools. **Depends on user's web browser and other installed software.**
- All images have alt tags. **Yes**
- All videos are captioned. **Yes (captions will be in place by spring 2015)**
- Text, image tags, and captioning sent to refreshable Braille displays. **Not provided, unless provided by customer software. NOTE: In keeping with state requirements, we provide electronic files to NIMAC to allow Accessible Media Producers to create versions of student materials in alternative formats for schools as needed.**

2. How are the following **navigation features** provided in the instructional materials:

- Non-text navigation elements (buttons, icons, etc.) can be adjusted in size. **Not provided**
- All navigation elements and menu items have keyboard shortcuts. **Yes**
- All navigation information can be sent to refreshable Braille displays. **Not provided, unless provided by customer software. NOTE: In keeping with state requirements, we provide electronic files to NIMAC to allow Accessible Media Producers to create versions of student materials in alternative formats for schools as needed.**

3. How are the following **study tools** provided in the instructional materials:

- Highlighters are provided in the four standard colors (yellow, rose, green, blue). **Depends on software student has.**
- Highlighted text can be automatically extracted into another document. **Depends on software student has.**
- Note taking tools are available for students to write ideas online; as they are processing curriculum content. **Depends on software student has.**

4. Which of the following **assistive technology supports, by product name**, have you tested for use with the instructional materials:

- Assistive technology software can be run in the background. Examples include:
 1. Magnification **Internet Explorer, Safari, Chrome, Firefox**
 2. Text-to-speech
 3. Text-to-American Sign Language

4. On-screen keyboards **Windows on-screen keyboard; OS X on-screen keyboard**
 5. Switch scanning controls
 6. Speech-to-text
5. For students with special needs who require paper materials based upon the IEP, how are the materials provided for students currently not able to access digital materials?
- A print edition of the student textbook is also available, which contains all of the same content as all electronic versions of the student text.
 - Worksheets, chapter reviews, and other interactive features for use by students are accessible on the Student Web Resource and can be printed out for use by students who need paper versions. The Student Web Resource is a free, open-access web site so there is no additional cost to access or print out this material.
